

Yousef W. Nielsen

Consultant Radiologist, MD PhD.

Department of Radiology Copenhagen University Hospital Herlev Gentofte, Denmark

Associate Professor, University of Copenhagen

Bio

I am a specialist in diagnostic and interventional radiology at the Department of Radiology at Herlev Gentofte Hospital in Copenhagen, Denmark. My main areas of interest are imaging of the bowel with CT and MRI, hepatobiliary imaging, and interventional procedures with chemoembolization of liver tumors. Furthermore, I have a special interest in contrast media, and I am also course director for the annual Danish specialist course in abdominal radiology.
